K Trade Fair

International Trade Fair
for Plastics and Rubber

16-23 October 2013
in Düsseldorf, Germany

KANEKA will participate in K 2013 in Dusseldorf Germany, the world's premier trade fair for plastics and rubber.

Our products will be exhibited in 4 categories; "Ecology", "Weight Saving", "Safe" and "Heat Conductive", where we like to highlight our new technology that enhances safety and reduces the environmental burden around us, the technology that may create new product applications and business in Europe.

To know more about our technology, please come to visit us at Hall 6.
